LeGAN O eated on the east bank of the Missouri river, in he geographical center of the proposed new State of South Dakota. and is opposite the center of the great Sioux reservation. It is the present terminus of the Dakota Central through trunk iine of the Chicago & Northwest-Columbus, street. June 8, 82-1f ern Railway; i- distant 761 miles from Chicago, and through daily trains without change of cars run between the two

eities in 32 hours. The city is mainly built upon the large and broad terraces overlooking the river with its wooded banks and islands, and as the slope of each terrace or beach is toward the river, the city is perfectly draited and is free from the dangers resulting from floods or imgerfect sewarage.

# PIERRE.

POPULATION OF PIERRE IS 2,500.

It has an excellent municipal government. The Presbyterian College of Southern Daketa, now in operation, and numerous ward schools, offer sapeene first class hotel, the Wells House, and ten second class botels open ; two daily and four weekly newspapers, four and conveyancing. Also real estate agen-banks and numerous wholesale and re-cy. Office in the Gazette office.

THE SURBOUNDING COUNTRY is thickly settled by farmers and comprices the finest farming land in Dakoia. Quarter sections or farms of 60 LOGAN. sersa, every foot of which can be cutivated, can be bought from \$600 to \$1230 depending upon their distance from the city. Government land can be taken up within ten miles from the city. The country west of the river and included in the great Sioux reservation [which it is expected will be thrown open to sett ement this Spring] is the best wheat growing land in Dakota.

# DAKOTA.

A Shipping Point. Pierre is the head-quarters for Military and Ranch Supplies, forwarded by river to the various forts and milithe "Big Yuddy," where small settlements have sprung up. Pierre has the trade, altogether of not less than 50, 010 people, including Indians. U. S. LOGAN. A. Quarte master's office, government Deeds, Wills, Mortgages, Leases, Contracts store houses, and officer of a Collector of Custom., and Internal Revenue Callector are located here. In the river traffic there are twenty-five steamers engaged during the season, plying between Pierre and the points above and

Building Activity. During the past season there was erected a brick court-house: three brick business blocks, and over 300 wooden buildings, involving an expenditure of over \$1,590,000. There is now in process of erection the Park flotel, a bried structure 190x120, four stories high, and everything indicates that there will be a great increase in building during the year 1864, and there FIRST BINK OF LOGAN will be an active demand for building material and mechanics in all branches
